A BERKLEY
COMPANY

OUR MISSION

We are committed to strengthening our existing client relationships while seeking new, mutually profitable associations. Our strong security, innovative products and superior underwriting and claims service make both goals very attainable. We pride ourselves not only on our ability to analyze and understand the unique needs of our brokers and policyholders, but also on our ability to provide solutions to satisfy those needs.

COMPANY DESCRIPTION

Created in December 2005, Berkley Aviation offers a wide array of programs which include coverage for airlines, helicopters, non-owned aircraft, fixed-base operations, control towers, airports, financial institutions, and other specialized 'niche' programs. We are pleased to underwrite on behalf of three W. R. Berkley Corporation member companies: StarNet Insurance Company on an admitted basis and Gemini Insurance Company on a non-admitted basis for domestic risks, and Berkley Insurance Company on a reinsurance basis for international risks.

HOW BERKLEY AVIATION IS DIFFERENT

Our competitive advantage lies in two areas. First and foremost is our commitment to providing the highest level of customer service. Second is the unique approach we take to meeting the distinctive needs of our clients. Whether through technical innovation or the creation of a specialized coverage, we continually break the mold by offering products that are tailored to fit our clients' needs. The close relationships that we enjoy with our clients are the result of many years of nurturing by industry-respected professionals with long-term experience, and an excellent service record that our brokers and policyholders appreciate and have come to expect from us.
